

Andre Emanuel Moro Puma

Arequipa, Peru | pe.linkedin.com/in/a-moro | Spanish native | English C1 | Open to remote

Summary

Psychology graduate targeting administrative support, people operations, and coordination roles. Cross-context experience in human talent, organizational psychology, education, clinical support, community work, and English teaching. Skilled in reporting, recruitment workflows, staff coordination, confidential documentation, guidance, active listening, and communication with diverse populations.

Experience

English Teacher, El Cultural Feb 2026 - May 2026

- Prepared lessons, adapted materials to different levels, tracked progress, and provided clear, actionable feedback.
- Managed classroom flow and translated complex information into practical, easy-to-follow guidance.

Human Talent Intern, Revo Fitness / Revo Sport - Arequipa Mar 2024 - Jul 2024

- Supported staff coordination, employee support, human talent administration, and daily service operations.
- Helped organize internal communication and cross-team follow-through in a service environment.

Organizational Psychology Intern, FH Ingenieros Contratistas - Arequipa Aug 2022 - Dec 2022

- Supported recruitment, candidate screening, onboarding, employee transition, and personnel communication workflows.
- Organized assessment inputs and people data to support workforce decisions.

Educational Psychology Assistant, Colegio Mendel - Arequipa Mar 2024 - Jul 2024

- Prepared technical reports, psychoeducational reports, presentations, posters, and workshop materials.
- Supported student, parent, and staff communication through weekly talks and prevention activities.

Clinical Psychology Support, EsSalud - Arequipa Aug 2024 - Dec 2024

- Handled structured assessment records and sensitive documentation with confidentiality and attention to detail.
- Organized psychometric and cognitive evaluation inputs for supervised clinical reporting.

Community Psychology Support, CODISEC Cerro Colorado - Arequipa Mar 2023 - Jul 2023

- Provided guidance through active listening and contributed to outreach, prevention, and public wellbeing initiatives.

Systems and Workflow Projects

Fuel

Decision-support concept for organizing comparison, planning, trust signals, and next steps into a clearer workflow.

- Defined scope from ambiguous decision needs and prioritized information hierarchy, comparison logic, and next actions.
- Practiced structured problem framing, prioritization, and clear decision support.

Weights

Local-first tracking system concept for clean records, fast updates, and simple progress visibility.

- Designed an updateable record system that preserves history while keeping the day-to-day workflow simple.
- Scoped realistic inputs, unit switching, progress graphs, and delta tags around fast, low-friction use.

Deskapp

Workflow utility concept for smoother phone-to-computer connection and everyday desktop actions.

- Mapped pairing, quick actions, and system status to reduce setup friction and confusion.
- Prioritized clarity, repeatability, and practical workflow support over feature-heavy complexity.

Education and Certifications
